New Rates Not to Become Effective Until February 1

as a result of a city ordinance passed at the Tuesday evening session of the Hamlin City Coun-

cents per month for business telephones, and 50 cents for one and two-party residential telephones. rates are \$4.50 for one-party lines and \$3.50 for two-party lines; these will be increased to \$5 and

A slight raise was allowed the Southwestern Bell Telephone Company in 1953, when it advised the city it would seek further adjustment in 1954. Recently the firm presented its plea for rates of \$10, \$5 and \$4.

In briefs presented to the City Council the phone company declared that it had made a profit of only \$621 in 1954 on an investment in Hamlin of \$441,000, which was less than .05 per cent.

The new rates are in line with recent increases granted in cities of comparable size to Hamlin. the Houston Fat Stock Show, and Stamford recently granted similar rates, effective with the installation in February of dial system. The Hamlin council did not ask for dial system inasmuch as such system would mean the loss of personnel that now receives ap-

proximately \$60,000 annually. Permission was also granted the phone company to increase the pay telephone charge from five to 10 cents. This rate will become effective next year

of the pool during the two-hour period of contests. **Rains During Week Give Cotton and**

Feed New Boosts Crops in the Hamlin area were given some more good boosts dur-

ing the past week with several showers that totaled 1.08 inches. Not only the moisture, but the accompanying cool weather, was of great benefit to the growing crops, especially the feed.

Rainfall was heavier in a few sections of the territory than that gauged by the government gauge perated by Bill Rountree, city water superintendent, at the city

Noted by the government gauge during the past several days were the following rainfalls: July 12, .04; July 13, trace; July 14, .04; July 16, .34; July 18, .66; and 1-A, Mae James' room, 12:30 July 19, .02.

The past week's rainfall brought the year's total to 14.21 inches, which is more than the 13-year average of 11 inches for this much of the year.

Crop prospects in Jones County and Hamlin territory are considered the best since 1950.

Rev. Clifford Mayo to Lead Revival at Faith Methodist Church

Rev. Clifford Mayo, young fulltime evangelist of the Methodist Church, will do the preaching in a 10-day series of revival services beginning this (Friday) evening at the Faith Methodist Church, located at the corner of Southeast Avenue B and Southeast Ninth Street, leaders of the congregation announce.

The evangelist is a recognized Bible scholar who is devoting his entire time to evangelistic work n the Northwest Texas area. Rev. John Syrios, pastor of the church, will direct the music dur-

ing the meeting. Mrs. J. W. Mc-Crary will be pianist. Services are scheduled at 9:30 a. m. and 8:00 p. m., with prayer services preceding the evening worship service at 7:30. Members of the church extend an invitation

to the public to attend.

Entered at the Post Office at Hamlin, Texas, for transmission through the mails as Second Class Matter according to an Act of Congress, March 3, 1879. Any erroneous reflection upon the character of any person or firm appearing in these columns will be corrected, gladly and premptly, upon its being brought to the attention of the management.

CHAMBER OF COMMERCE MUST BE REVIVED

not functioning efficiently, and the region is being denied some very important services and accomplishments since the resignation several weeks ago of Onis Crawford as the secretary-manager of the Hamlin Chamber of Comerce. Because no active office personnel is keeping the headquarters office open, the community is letting opportunity slip through its fingers.

To be sure, President Delma Shelburne is devoting some time to the Chamber of Commerce, as are some members of the board of directors. But, Shelburne and the other officials are of necessity required to make a living and cannot devote the time and effort needed that can be supplied only by a full-time employee.

Several inquiries about the Chamber of Commerce office and its expected functions have been answered by The Herald from across the street, and Your Home Town Paper is delighted to be of this little service. This is our community, and we recognize our obligation to do something for it every day.

The fact that we have been called upon to answer some questions give some information and function a time or two as a CC official in the emergency further impresses us that the Chamber of Commerce has been doing a vital role in our community despite a few doubtful people. We challenge some of those coubters to check on the number of people

A valuable sparkplug of our community is | who have sought information from the organization from us-it will give them positive proof that there is a definite demand for the

Hamlin Chamber of Commerce must be revived-and soon! Of this we are positive if folks who are civic minded want to see their community continue to progress and keep up

climaxed with a concerted membership drive to recoup its dwindling supporting members, only awaits a litle organization of interested citizens. Won't you, Mr. Hamlin Citizen, be one of those to phone CC President Shelburne and inform hin you are interested in the move-

High School Principal B. V. Newberry recently volunteered to head the compaign for membership. Although he is a busy man, he felt it a splendid opportunity for him to discharge his duty as a leading citizen—but with the start of school soon it is vital that the membership drive be planned and conducted before he becomes so engrossed with school opening complications.

The Chamber of Commerce is a vital cog in the community's progress machine. It is the melting pot for ideas and concentration toward certain goals of accomplishment such as provided by no other organization in the community. Its accomplishments of the past are legion—if one will just stop and recount them. We challenge you to try it.

Recipe with a Moral

is a favorite recipe:

For those who like to drink and drive, here

Take one stewed prune, one pickled peach

and one date. Saturate the peach and the

prune with brandy or gin. If unable to pro-

cure these, beer will do. Place on the seat

of a high-powered car and leave on the road

Asks Ike to Avoid War

Forty-seven prominent Americans recently asked that he take "immediate steps" to get wired President Dwight D. Eisenhower and the United States out of the dangerous situation in the Formosa Strait by a clear-cut declaration of policy. That declaration, they said, should include a decision not to get involved in a war over the offshore islands.

Among thoe appealing to Eisenhower were Mrs. Franklin D. Roosevelt, Elmer Davis, Norman Thomas, W. P. Kennedy, president of the Brotherhood of Railroad Trainmen; Benjamin Cohen, former state department advisor; several Harward professors and many others. They contend that the dispute over the offshore islands is a confused one, which should not be considered a possible cause for war by the United States government.

Among other things, their plea included this statement: "We submit that the islands over which this threat arises are inseparable from the mainland by reason of their situation and, as you observed some months ago, not essential for the defense of Formosa and the pescadores." The group asked the president to submit the problem to the United Nations, as had Adlai Stevenson earlier, and as have several other prominent Americans.

Are You Blind?

An idea was expresed in a recent meeting that many people with good physical eyesight are blind mentally to things of equal importance, though not seen by physical eyes.

We can lose our own souls while ministering to the salvation of others by neglecting to keep spiritually fit ourselves.

Let's have a well rounded-out life. Have piety, but not so much you can't laugh and enjoy fun and even a clean joke that carries a moral for good. Have marality, but not the kind that forbids the friendship and fellowship of the opposite sex, which does the soul of man good.

Have charity and benevolence to the helpless and needy at home and abroad, but not so much we fail to provide for the physical and spiritual needs of our own people.

Real living is broad in its views in many ways about the affair of man, but I have yet to find where it advocates anything less than tong on the level with ourselves as well as t se we serve.

A Being news items taken

from old files of Your Home Town Newspaper The Herald

TWENTY YEARS AGO.

RECALLING

Goings on in the Hamlin community 20 years ago included the following, reproduced from the issue of The Hamlin Herald dated July 19, 1935:

Mr. and Mrs. Harry W. Pitzer of McAllester, Oklahoma, came down last week for a visit with their parents, Mr. and Mrs. H. O.

Dr. and Mrs. A. T. Lindsey and children of Big Spring spent the week-end with Mr. and Mrs. A. T.

Members of the Epworth League of the First Methodist Church and their sponsors enjoyed a swimming party at the new swimming pool in Stamford last Friday. Attendants were C. O. LaRue, Mina Fay Cotten, Lois Anderson, Margaret Rowe, Ernestine Hurley, Ila Carlton, Adele Wat son, Louise Proctor, Oletta Carlton and Mr. and Mrs. W W

Members of the Senior BYPU of-McCaulley Baptist Church presented a program Sunday ofternoon at the Boyd Chapel Church. On the program were Rube Lee Rhoton, Alliene Akins, Edwin Johnson, Lillie Akins, Maggie Rhoton, Icey Akins, Wilma Faulkenberry, Jack Johnson, Wesley Akins, Lena Farikenberry, Muy Ellen Jackson and Eugenia Fay

The smallest Monday offerings | Slaughter steers and yearling at cattle and sheep since early in \$10 to \$23.25; slaughter cows, \$6.50 the year appeared at Fort Worth to \$12.50; bulls, \$10 to \$14.50; his week, with less than 40 per slaughter calves, \$9 to \$19; stocker calves, \$15 to \$2050; stocker cattle and calves on hand, declares steer yearlings, \$14 to \$19.50; re-

> feeder calf show and sale to be held at the Fort Worth market for September 9. Their sale of July 8 was highly successful with 978 calves sold for an average of over \$102 per head. Gross sales were \$99.812.44.

The Texas Hereford Associa tion has announced two fall feeder calf shows and sales to be held at Fort Worth. First one will be September 16. The second will be October 21.

Their first sale was an outstanding success with 1,670 calves market in the interval between them and that fewer small calves and plain kinds were entered among the blacks.

Top Hereford feeder calves scored \$24 and \$24.25, and top Angus calves scored \$24 to \$25.

Offerings of hogs around the country continues to be much heavier than normal for the season and added pressure on prices was noted at the start this week. Tog hogs ranged all the way from ments in the program authorizing \$1725 to \$18, with \$17.50 the most popular prices at Fort Worth Monday.

Less desirable butchers sold from \$16 to \$17. Sows sold mostly from \$10 to \$15, some weights

Meat from raw garbage fed hogs also will be limited in movement. Duvall Davidson told this writer toda vthat 38 states now have laws o nthe books requiring garb-

has such a law. However, the Legislature adjourned without providing extra it is generally time to contro funds to enforce the law. The them, Lehmberg decalres. same thing happened two years

50 cents to \$1 higher at Fort Worth, and more lenient sorting the acre as a spray. Another considered some medium and lower grades were \$2 above the low close of last week. Choice lambs sold readily at \$1 7to \$18, with a top load from Sanderson weighing 8 pounds at \$20 per 100. Feeders sold around \$13.50 down. Old cro pyearling lambs drew \$8 to \$14. Old ewes were \$4 to \$5, some breeders, \$5 to \$9; and younge rewes quoted well above that Old bucks brought \$3 to \$4; old wethers, \$7 to \$10.50.

Jimmie Lovell and his good wife visited our Fort Worth office Monday and he telsl me that the West Texas Chamber of Commerce publication, "West Texas Today" will honor the wool and mohair industry soon with a special edition of the magazine

Fields should be checked every ive to seven days so that controls can be applied before the insects reach damaging infesta-

Summer Fallowing **Helps Cool Land And Save Moisture**

Summer fallow is a good practice on stubble land, point out leaders of the California Creek Soil Conservation District, in 3 release to The Herald. The re-

Everyone agrees that, besides keeping down weed seed you save you are trying to save? As air temperature nears 100 degrees bare ground is reaching for the 140-degree mark. Why not kill you fallow to kill the weeds, make temperatures 25 to 30 degrees. shaded with stubble does not have much evaporation loss. By having lower temperature billions of needed bacteria will not be killed. Stubble on top soaks up more moisture when it does rain, because the land does not bake and run together. Stubble on top keeps land from blow-

Several farmers around Anon bedded their wheat and oats stubble. This leaves the stubble on top and beds on the contour with terraces, takes up still more water. Other farmers are using hisels and in some cases chisel sweeps, if there is much growing vegetation. Any method of plowing is good; just so the land does not look plowed when you get

Social Gathering

"Prayer" Discussion Features Program by Methodist Women

Mrs .John Syrios brought a talk on "Prayer" when members of the Woman's Society of Christian Service of the Faith Methodist Church met Tuesday morning for their regular weekly session.

Mrs. Bennie Ford presented the devotional, after which a business session was conducted, with Mrs. D. W. Carlton, president, presiding.

Those present were Mmes. Calvin Sewell, Bill Dominey, O. R. Criswell, John Syrios, D. W. Carlton and Bennie Ford, and Cherry Criswell.

Tacky Party Planned For Dovie Women's Club Meet Thursday

A tacky party will be featured when members of the Lend-a-Hand Home Demonstration Club of the Dovie community meet in their regular monthly social gathering at the church next Thursday afternoon, July 28, at 2:00 o'clock. Members are urged to come dress-

ed for the fun of the afternoon. Secret pals of the past several weeks will be revealed at the meeting. Attendants are asked to bring their dues and an offering for the crippled children's fund, club leaders announce.

Glen Costins Making Tour of Europe Area

Dallas left last week for a fourweek tour of Spain, Italy, Switzerland. France and England with a Fred L. Haskett Travel Bureau

Reception Follows Webb-Winslett Rites

Following the Webb-Winslett wedding in Hamlin on June 30, a reception was given in the home of Mr. and Mrs. Edward Dodd, 114 Northwest Avenue G, for the wedding party and attendants. The serving table was covered

with a lace table cloth over pink. The centerpiece was of pink and white daisies. Pink candles were in candelabra at each end of the centerpiece. Silver and crystal appointments were used.

Mrs. Ned Thomas, friend of the bride, ladled punch. Mrs. A.

Hudson, aunt of the bridegro

served wedding cake.

Quarter-mile lengths of welded steel rail curve around a foothill like wire cable

Not a "clickety-clack" in a carload

It's Santa Fe's new continuous welded rail ... Fewer joints mean a smoother ride for you

An occasional little click-that's all you'll hear of the old "clickety-clack" as you glide over stretches of new continuous welded rail on the Santa Fe.

And these stretches will be growing longer and more frequent on Santa Fe. For we're laying more all the time 103 miles of it this year.

In fact, we're using a new electric welding process (for the first time by an American railroad) to help bring Santa Fe's new smoother ride to more people, more goods.

But that's only part of the story. Just as a railroad is no better than its track, track itself is no better than what's underneath it - the roadbed, the ties, the ballast. So we've been busy with new improvements here, too.

For instance, our own specially-devised ballast "dry cleaner." This unique machine cleans our ballast, keeps it more resilient so the track lies flat and

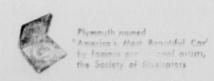

And today we're replacing old ties with longer and stronger new onesspecially treated to stay strong and sturdy for 30 years and more.

Day after day, something new is being done to make "America's New Railroad" even newer and better. Santa Fe is spending many millions of earned dollars every year for new roadway and new equipment. And not one penny comes from the taxes you pay.

Traceable More to Stress Than to Foods Some people react to the pres-

Stomach Disorders

sure of modern life like a stick of soft pine reacts to a wood rasp. You probably recall days when an unexpected event, an accident or a brush with the boss fled your stomach in a knot. You were suffering, the State Health Department says, from one of the more common forms of indigestion-nervous tension and excite-

The stomach, the experts say, is largely controlled by the involunkeyed up, your stomach oversecretes, and you feel the pain.

Actually, the department points out, there are many directly trace able causes of indigestion. Lack of sleep and exercise, improper diet, and similar artificial conditions can bring it on.

You've heard the old saw about one man's meat being another man's poison? It's literally true. Even healthful and nutritious Conference in Indiana foods may rub you wrong. They contain organic acids which could upset the balance of your particular stomach

Your favorite fruit may contain malic-acid, oxalic-acid or citric acid. One or more of these may give you trouble, causing ungentlemanly or unlady-like belching.

Or the degree of ripeness of a fruit or vegetable may cause fermentation in the stomach, bringing on umpleasant results.

Condiments or strongly flavored foods are other causes of indigestion. They often cause the stomach to secrete too much hydro chloric 'acid. In normal people the stomach neutralizes what it over-secretes, but people with ulcers suffer painful "indigestion.

Greasy foods are particularly roublesome to people with malfunctioning gall bladders or liver

Tannic acid can be found in three of the most commonly used hot drinks. And here's the last straw: Even water, if you drink lots of it, may start your tsomach churning and pouring out its direstive juices.

In any case of indigestion, frequently taking baking soda to relieve it is a mistake, health may cause some sufferers to "play down' symptoms of a serious ailments, thereby causing him to prolong medical attention.

The man who is down and out usually has friends who are up and gone.

tan in two games at Hamlin and

neth Prewit of the Oilers.

of the all-star team.

called on account of rain

one at Rotan.

WHEREAS, Southwestern Bell Telephone Company has appeared before the City Council and has shown that the rates and charges for local exchange telephone service heretofore prescribed have proved insufficient to afford said company a reasonable return on the value of its property devoted to furnishing local exchange telephone service in the Hamlin telephone exchange, and

WHEREAS, the following schedule of rates will not produce for said Company more than a fair return on the fair value of its said property,

NOW, THEHREFORE BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF HAMLIN:

Section 1: Southwestern Bell Telephone Company shall place in effect the following schedule of rates for local exchange telephone service on its first billing date after February 1, 1956:

Class of Service	Monthly Rate
One Party Business Flat Rate	\$9.00
Business Extension Station Flat	\$1.50
One Party Residence Service	\$5.00
Two Party Residence Service	\$4.00
Residence Extension Station	\$1.00
Commercial PBX Trunk	(a) \$13.50
Commercial PBX Station	\$1.50
Semi-Public Service (Guarantee)	22c per day
Local Messages Under Guarantee—each	5c (b)
Local Messages Over Guarantee—each	4c (b)
Coin Telephone Charge per Local Messages	5c (b)
Extension Semi-Public-Coin	\$1.50
Extension Semi-Public-Non-Coin-	\$1.00

(a) The rate for a flat rate PBX trunk is one and onehalf times the rate for one party business flat rate service.

(b) See Section 2.

Rates and charges for miscellaneous services and equipment shall remain as heretofore established except as superseded by those rates and charges contained in the Schedule of Miscellaneous Rates and Charges attached hereto and made a part hereof.

Section 2: That authority to increase the charge for local messages from coin box telephones to ten cents (10c) per message is hereby granted, to become effective when the Telephone Company completes equipment modifications necessary to the due rendition of telephone service from such coin box telephones on this basis. With the making effective of a charge of ten cents for local messages from such coin box telephones, the rate to the subscriber to semi-public coin box telephone service shall be eight and three-quarters cents (83/4c) per message for calls over the daily guarantee and ten cents (10c) per message for calls under the daily guarantee.

Section 3: Nothing in this ordinance contained shall be construed now or hereafter as limiting or modifying, in any manner, the right and power of the city under the law to regulate the rates and charges of Southwestern Bell Telephone Company

Passed and approved this the 19th day of July 1955. Willard Jones, Mayor, City of Hamlin

Schoolmates to Meet For Dinner in Abilene

New Rates Not to Become Effective **Until February 1**

Hamlin telephone rates will be given another boost in February as a result of a city ordinance passed at the Tuesday evening session of the Hamlin City Coun-

two-party residential telephones. Prtstnt rate for business phones is 8.25, which will be increased to \$9 per month. The residential rates are \$4.50 for one-party lines these will be increased to \$5 and

A slight raise was allowed the Southwestern Bell Telephone Company in 1953, when it advised the city it would seek further adjustment in 1954. Recently the firm presented its plea for rates of \$10, \$5 and \$4.

In briefs presented to the City Council the phone company declared that it had made a profit of only \$621 in 1954 on an investment in Hamlin of \$441,000, which was less than .05 per cent.

The new rates are in line with recent increases granted in cities of comparable size to Hamlin, the Houston Fat Stock Show, and Stamford recently granted similar rates, effective with the installation in February of dial system. agriculture committee, headed the The Hamlin council did not ask for dial system inasmuch as such system would mean the loss of personnel that now receives approximately \$60,000 annually,

Permission was also granted the phone company to increase the pay telephone charge from inship, vocational agriculture infive to 10 cents. This rate will structor at Hamlin High School become effective next year

Other swimmers are requested to permit the boys to have use of the pool during the two-hour period of contests.

Rains During Week Give Cotton and Feed New Boosts

Crops in the Hamlin area were given some more good boosts during the past week with several showers that totaled 1.08 inches. Not only the moisture, but the accompanying cool weather, was of great benefit to the growing crops, especially the feed.

Rainfall was heavier in a few sections of the territory than that gauged by the government gauge operated by Bill Rountree, city water superintendent, at the city pump station.

Noted by the government gauge during the past several days were the following rainfalls: July 12, .04; July 13, trace; July 14, .04; July 16, .34; July 18, .66; and July 19, .02.

The past week's rainfall brought the year's total to 14.21 inches, which is more than the 13-year average of 11 inches for this much of the year.

Crop prospects in Jones County and Hamlin territory are considered the best since 1950.

Rev. Clifford Mayo to Lead Revival at Faith Methodist Church

Rev. Clifford Mayo, young fulltime evangelist of the Methodist Church, will do the preaching in a 10-day series of revival services beginning this (Friday) evening at the Faith Methodist Church, located at the corner of Southeast Avenue B and Southeast Ninth Street, leaders of the congregation announce. The evangelist is a recognized

Bible scholar who is devoting his entire time to evangelistic work in the Northwest Texas area. Rev. John Syrios, pastor of the church, will direct the music durng the meeting. Mrs. J. W. Mc-Crary will be pianist.

Services are scheduled at 9:30 . m. and 8:00 p. m., with prayer services preceding the evening worship service at 7:30. Members of the church extend an invitation to the public to attend

CHAMBER OF COMMER CE MUST BE REVIVED

not functioning efficiently, and the region is being denied some very important services and accomplishments since the resignation several weeks ago of Onis Crawford as the secretary-manager of the Hamlin Chamber of Comerce. Because no active office personnel is keeping the headquarters office open, the community is letting opportunity slip through its fingers.

To be sure, President Delma Shelburne is devoting some time to the Chamber of Commerce, as are some members of the board of directors. But, Shelburne and the other officlass are of necessity required to make a living and cannot devote the time and effort needed that can be supplied only by a full-time em-

Several inquiries about the Chamber of Commerce office and its expected functions have been answered by The Herald from across the street, and Your Hame Town Paper is delighted to be of this little service. This is our community, and we recognize our obligation to do something for it every day.

The fact that we have been called upon to answer some questions give some information and function a time or two as a CC official in the emergency further impresses us that the Chamber of Commerce has been doing a vital role in our community despite a few doubtful people. We challenge some of those coubters to check on the number of people

A valuable sparkplug of our community is | who have sought information from the organization from us-it will give them positive proof that there is a definite demand for the

Hamlin Chamber of Commerce must be re-

vived-and soon! Of this we are positive if folks who are civic minded want to see their community continue to progress and keep up The state of the s climaxed with a concerted membership drive to recoup its dwindling supporting members, only awaits a litle organization of interested citizens. Won't you, Mr. Hamlin Citizen, be one of those to phone CC President Shelburne and inform hin you are interested in the move-

High School Principal B. V. Newberry recently volunteered to head the compaign for membership. Although he is a busy man, he felt it a splendid opportunity for him to discharge his duty as a leading citizen—but with the start of school soon it is vital that the membership drive be planned and conducted before he becomes so engrossed with school opening complications.

The Chamber of Commerce is a vital cog in the community's progress machine. It is the melting pot for ideas and concentration | Hamlin Herald dated July 20, toward certain goals of accomplishment such as provided by no other organization in the community. Its accomplishments of the past are legion—if one will just stop and recount them. We challenge you to try it.

Asks Ike to Avoid War

Forty-seven prominent Americans recently asked that he take "immediate steps" to get wired President Dwight D. Eisenhower and the United States out of the dangerous situation in the Formosa Strait by a clear-cut declaration of policy. That declaration, they said, should include a decision not to get involved in a war over the offshore islands.

Among thoe appealing to Eisenhower were Mrs. Franklin D. Roosevelt, Elmer Davis, Norman Thomas, W. P. Kennedy, president of the Brotherhood of Railroad Trainmen: Benjamin Cohen, former state department advisor; several Harward professors and many others. They contend that the dispute over the offshore islands is a confused one, which should not be considered a possible cause for war by the United States government.

Among other things, their plea included this statement: "We submit that the islands over which this threat arises are inseparable from the mainland by reason of their situation and, as you observed some months ago, not essential for the defense of Formosa and the pescadores." The group asked the president to submit the problem to the United Nations, as had Adlai Stevenson earlier, and as have several other prominent Americans.

Are You Blind?

An idea was expresed in a recent meeting that many people with good physical eyesight are blind mentally to things of equal importance, though not seen by physical eyes.

We can lose our own souls while ministering to the salvation of others by neglecting to keep spiritually fit ourselves.

Let's have a well rounded-out life. Have piety, but not so much you can't laugh and enjoy fun and even a clean joke that carries a moral for good. Have morality, but not the kind that forbids the friendship and fellowship of the opposite sex, which does the soul of man good.

Have charity and benevolence to the helpless and needy at home and abroad, but not so much we fail to provide for the physical and spiritual needs of our own people.

Real living is broad in its views in many ways about the affair of man, but I have yet to find where it advocates anything less than tring on the level with ourselves as well as t ase we serve.

Recipe with a Moral

For those who like to drink and drive, here is a favorite recipe:

Take one stewed prune, one pickled peach and one date. Saturate the peach and the prune with brandy or gin. If unable to procure these, beer will do. Place on the seat of a high-powered car and leave on the road for thirty minutes. Then garnish with broken glass, gravel and blood, and serve cold on a and a deacon at the First Baptist stretcher. Very attractive in light colored box, decorated with flowers.

Editorial of the Week

You will have a chance to judge for a year at least, how well you like the administration's flexible price support plan. Decision of the Senate agriculture committee to hold 1950: across-the-board hearings on farm program proposals has forestalled any change in the law for another year.

Both rigid and flexible support camps are eon of Hamlin Lions Club. Boys agreeable to the delay. That is because each thinks it will pick up strength and political Don Johnson, Robert Angel and ammunition for 1956.

But there is a spreading belief that neither price support program provides a satisfactory solution. This feeling has nurtured a growing list of alternative proposals, among which ent hereabouts.

1. A "compromise" program, whereby you chants National Bank is reflected would accept lower support levels in exchange for larger acreage allotments.

2. A "modified" program, with support levels varying with quality of the commodity. High support, for example, for top quality milling wheat, but lower supports for less desirable grades.

3. Two-price program, probably restricted included the following, which are to wheat and rice, with price support limited Hamlin Herald dated July 23, to that portion of the crop needed for domes- 1954: tic use; none for the balance.

4. Family farm program, with support levels varying in accordance with volume and gross value of production. Support at 90 per cent, for example, on first \$25,000 of production; 75 per cent on the next \$25,000, and no support thereafter.

You may soon be hearing, too, about a new and promising plan, originating with a good tract in Southeast part of town. farmer for a change.—Better Farming.

Do not, for one repulse, forego the purpose that you resolved to effect.—William Shake-

Payments to Be Made On Wind Erosion Crop In Drouth-Hit Areas

Farmers in drouth-stricken West Texas counties will be able to take advantage of a federal cost sharing wind erosion control program this year, a spokesman for the Texas Farm Bureau said this week at Waco.

Gene Leach, TFB legislative director, revealed that the U. S. Department of Agriculture has approved recommended improvements in the program authorizing payments for special cover crop

The federal government will pay from \$1.20 | \$2 per acre for cover lops planted to thums the payments are \$1.20 per acre for normal width rows, \$1.90 per acre for rows 16 to 24 inches n width and for drilling and proadcasting. Millet payments are \$1.75 per acre. The governent will pay \$2 for small grains rye, oats and barley)

Quarter-mile lengths of welded steel rail curve around a foothill like wire cable

Not a "clickety-clack" in a carload

It's Santa Fe's new continuous welded rail ... Fewer joints mean a smoother ride for you

An occasional little click-that's all you'll hear of the old "clickety-clack" as you glide over stretches of new continuous welded rail on the Santa Fe.

And these stretches will be growing longer and more frequent on Santa Fe. For we're laying more all the time -103 miles of it this year.

In fact, we're using a new electric welding process (for the first time by an American railroad) to help bring Santa Fe's new smoother ride to more people, more goods.

But that's only part of the story.

Just as a railroad is no better than its track, track itself is no better than what's underneath it-the roadbed, the ties, the ballast. So we've been busy

with new improvements here, too.

For instance, our own specially-devised ballast "dry cleaner." This unique machine cleans our ballast, keeps it more resilient so the track lies flat and

And today we're replacing old ties with longer and stronger new onesspecially treated to stay strong and

sturdy for 30 years and more. Day after day, something new is being done to make "America's New Railroad" even newer and better. Santa Fe is spending many millions of earned dollars every year for new roadway and new equipment. And not one penny

comes from the taxes you pay. SANTA FE SYSTEM LINES

in these quarter-mile rails?

Near Newton, Kansas, where yearly temperatures vary from 20° below to 114° above, we laid a 5-mile experimental stretch of welded rail. Here we found that anchoring the rail to every other tie restricted expansion to the words, expansion

Stomach Disorders Traceable More to Stress Than to Foods

Some people react to the pressure of modern life like a stick

You probably recall days when or a brush with the boss fled your suffering, the State Health Department says, from one of the

secretes, and you feel the pain. Actually, the department points

able causes of indigestion. Lack of sleep and exercise, improper diet, and similar artificial conditions can bring it on You've heard the old saw about

one man's meat being another man's poison? It's literally true Even healthful and nutritious foods may rub you wrong. They contain organic acids which could upset the balance of your particular stomach

Your favorite fruit may contain malic-acid, oxalic-acid or citric acid. One or more of these may give you trouble, causing ungen lemanly or unlady-like belching.

Or the degree of ripeness of a ruit or vegetable may cause fermentation in the stomach, bring ng on umpleasant results

Condiments or strongly flavored oods are other causes of indiges-They often cause the stomach to secrete too much hydro chloric 'acid. In normal people the stomach neutralizes what it over-secretes, but people with ulers suffer painful "indigestion."

Greasy foods are particularly roublesome to people with malfunctioning gall bladders or liver

Tannic acid can be found in hot drinks. And here's the last lots of it, may start your tsomach gestive juices.

quently taking baking soda to ments, thereby causing him to prolong medical attention.

An Ordinance of the City of Hamlin Prescribing Rates and Charges for Local Exchange Telephone Service Furnished by Southwestern Bell Telephone Company

WHEREAS, Southwestern Bell Telephone Company has appeared before the City Council and has shown that the rates and charges for local exchange telephone service heretofore prescribed have proved insufficient to afford said company a reasonable return on the value of its property devoted to furnishing local exchange telephone service in the Hamlin telephone exchange, and

WHEREAS, the following schedule of rates will not produce for said Company more than a fair return on the fair value of its said property,

NOW, THEHREFORE BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF HAMLIN

Section 1: Southwestern Bell Telephone Company shall place in effect the following schedule of rates for local exchange telephone service on its first billing date after February 1, 1956:

Class of Service Mo	nthly Rate
One Party Business Flat Rate	\$9.00
Business Extension Station Flat	\$1.50
One Party Residence Service	
Two Party Residence Service	
Residence Extension Station	\$1.00
Commercial PBX Trunk	(a) \$13.50
Commercial PBX Station	\$1.50
Semi-Public Service (Guarantee)	22c per day
Local Messages Under Guarantee—each	5c (b)
Local Messages Over Guarantee—each	4c (b)
Coin Telephone Charge per Local Messages	5c (b)
Extension Semi-Public—Coin	\$1.50
Extension Semi-Public—Non-Coin	\$1.00
(a) The rate for a flat rate PBX trunk is	

half times the rate for one party business flat rate service.

(b) See Section 2.

Rates and charges for miscellaneous services and equipment shall remain as heretofore established except as superseded by those rates and charges contained in the Schedule of Miscellaneous Rates and Charges attached hereto and made a part hereof.

Section 2: That authority to increase the charge for local messages from coin box telephones to ten cents (10c) per message is hereby granted, to become effective when the Telephone Company completes equipment modifications necessary to the due rendition of telephone service from such coin box telephones on this basis. With the making effective of a charge of ten cents for local messages from such coin box telephones, the rate to the subscriber to semi-public coin box telephone service shall be eight and three-quarters cents (83/4c) per message for calls over the daily guarantee and ten cents (10c) per message for calls under the daily guarantee.

Section 3: Nothing in this ordinance contained shall be construed now or hereafter as limiting or modifying, in any manner, the right and power of the city under the law to regulate the rates and charges of Southwestern Bell Telephone Company.

Passed and approved this the 19th day of July 1955. Willard Jones. Mayor, City of Hamlin

H. M. Barrow, City Secretary

The Hamlin Herald

Your Home Town Office Suppliers

Like "taking a vacation" every time you drive!

You'll thrill to all these great features when you take Chrysler's "100-Million-Dollar Ride"

Full-time Power Steering, so much superior to the part-time booster units found in other cars, gives you unequalled maneuverability, ease of handling and fulltime feel of the road!

Fully-automatic PowerFlite

transmission, the smoothest and most powerful of all no-clutch

drives, teams with Chrysler's

great V-8 engines to provide

swift, silent acceleration. New

dash panel shift control!

World's most powerful type V-8 engines. FirePower and Spitfire,

with horsepowers up to 300. Here's an immense reservoir of power for every driving need from lightning traffic getaways to quick, safe passing on the straightaway!

Extra-large, extra-safe Power Brakes, with a double-width pedal for easier and safer braking with either foot, bring you to swift, sure stops in less time and with barely a toe's worth of effort!

It's a fact : : : every mile you drive in a new Chrysler is like "taking a vacation!" Chrysler's "100-Million-Dollar Ride" power features enable you to drive relaxed -arrive refreshed!

For example, Chrysler's Power Steering is Full-time Power Steering-with a full-time feel of the road at all speeds. And Chrysler's V-8 engines give you the greatest safety reserve power on the road today.

The combination of Chrysler's other "100-Million-Dollar Ride" features has earned for Chrysler a brand new title-"the world's easiest handling car."

Discover the big difference in big cars today. Your Chrysler Dealer will gladly arrange a "100-Million-Dollar Ride" for you. See or call him today about the 1955 Chrysler!
